Description

A particularly lovely oak chest on chest, well proportioned, finely detailed and with an excellent colour and patina. The dentil-moulded cornice sits above a fine, blind fretwork frieze, the similarly detailed fretwork decorating the canted angles flanking the four graduated tiers of drawers, the lower half fitted with a brushing slide and three long drawers, on bracket feet. The pine-lined drawers retaining most of their original brass handles and escutcheons. Probably Glamorganshire circa 1780-1800.
