Description

Something a little more unusual is this fabulous Art Deco 1930's dining car lamp. Very heavy and over 45cm in length this could be perfect for kitchens or perhaps even for a home cinema room. Extremely heavy, feels like lead but probably a generic white metal. Two deep pink frosted glass shades with odeon shape which illuminate the silhouetted carriage cart of diners. Fabulous piece of history, not often found. Wired for UK use , we can send an adaptor for US customers so you don't need to re-wire. Condition is good, glass is free from damage, the silhouetted figures are in good shape and not worn or oxidized . The metal work has a fabulous Deco theme design and does show signs of age but again no damage. FREE UK mainland delivery
