Description

An English Caricature Watercolour painting signed with the artists monogram & dated 1902 . A beautiful painting of a tramp playing a trumpet on a winters day , outside a house that is for sale or to let . (It makes me wonder if the tramp portrayed in the painting was once the owner of the property but has fallen on hard times !) Clearly painted by an accomplished artist but but requires further research . 44cm x 34.5cm UK Delivery: £10
