Description

Magnificent mid 19th century silver plated table centre piece very much in the style and quality of Elkington. I can't see a mark on it although it is pretty black underneath but I am pretty sure it is by Elkington. The quality and design features speak for themselves. How great would this look in the centre of the Christmas day table. Flower vase centre with three candle sconces. there is a family coat of arms (crest) to the base on one panel as pictured. SIZE; 23" high. 14" diameter at the widest point. CIRCA; 1850 - 1870
