Unusual Set of Georgian Copper Fire Irons

Price

Sold**Item Reference: SA947132****Date of manufacture: Georgian**

Dimensions

Width = 65 cm (25.6")

Description

Unusual set of Georgian copper fire irons. Really nice shape and design and in good order. The shovel is especially pleasing to the eye. Unusual to get these in copper, I certainly haven't seen many copper sets. They date from the late 18th to early 19th century. SIZE; 25 1/2" long CIRCA; 1790 - 1810
