Description

A rather unusual antique English letter opener made from sterling silver and Mother of Pearl. The shell on this example is "squared" off rather than the usual rounded sides, nice for a change. This example also has the most decorative matching ferrule and tip, the tip is where the design registration number can be found for 1887. The sterling silver blade bears a full English hallmark for Sheffield 1899 together with the makers initials M & W for the famous silversmith Mappin & Webb. Excellent condition and as useful as beautiful. 7 3/4" in length. Item ID: 32123 ----- FREE Worldwide Registered Airmail Directly From London, England
