

SA947329

JAPANESE SILVER CRANE FORM KORO.

Price

Sold**Item Reference: SA947329****Date of manufacture: 1890**

Dimensions

Height = 9 cm (3.5")

Width = 15 cm (5.9")

Depth = 9 cm (3.5")

Description

A wonderfully modelled and very high quality silver koro with shakudo patination and shakudo inlaid gold eyes . Standing cranes are reasonably common , but a seated crane koro is a rare subject. The workmanship is excellent , it is signed on a seal, but we have been unable to trace the artist . It is very substantial , weight of 1lb 7 ounces . A quite attractive and tactile Meiji period sculpture .
