Description

This is a wonderful pair of Victorian silver-plated vases in the Secessionist style. They are tall and impressive, whilst being elegant in appearance. The glass is etched and the vertical lines lend more height. The bases feature a variety of decorative elements, including Greek keys, and stand on three sphinxes. There are patches where the silver plate has been rubbed away but these do not detract from the overall appearance. There is some damage. One of the glass vases has lost about one centimetre of height from its base, which has been smoothed, and one of the stands has lost the bottom element to two of the hanging decorations. The vases are priced accordingly. Dimensions: Height: 31cm Diameter of Bases: 10cm. Post and packaging are free within the UK. Overseas buyers please e-mail for postage costs and please note: Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the buyer's responsibility. Please check with your country's customs office to determine what these additional costs will be prior to buying.
