

SA947792

Gents Longines wrist watch,
1942

Price

Sold

Item Reference: SA947792

Date of manufacture: 1940

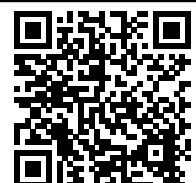

Description

Gents Longines wrist watch, 1942. The watch has a 17-jewel hand-winding movement, calibre 12.68Z, which is working nicely. The movement is fully signed and it has the serial number 6,336,483 which dates it back to 1942. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition, just a couple of scratches to the back of the watch. The inside of the case back is signed with the Longines logo. The lens is in good condition. The signed dial has been professionally re-finished at some stage. It has darkened a little with age but looks good. Original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
