CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches and shrinkage splits to the sides and top (pictured), further marks to the front (pictured). There have been fill repairs to the two back legs (pictured), however this doesn't affect the overall integrity of the product. There is also evidence of historic woodworm in places (pictured), however this is now long gone and has been fully treated as a precaution. The antique pine chest of drawers remains structurally solid and sound. Overall, a good example of its kind.
