Date of manufacture: 1920

Description

A very nice quality large solid sterling silver goblet / chalice. It is hallmarked STERLING SILVER only and tests as such, I would date it to c1920s possibly made in one of the late British Empire Countries. It has been superbly made and is in superb condition being free from dings splits distortions and repairs. It measures approx. 7 inches (17.8cm) tall by 3 inches (7.5cm) across the rim by 2.75 inches (7cm) across the base and weighs 170 grams (total silver weight, i.e. not weighted). A very good quality well made piece.
