Description

Technical Description A superb Art Deco Neodymium glass decanter and six matching glasses made by Moser in around 1930. Neodymium glass changes colour depending on the light conditions from Purple to Pink to Green. This wonderful example has its original stopper and also comes with six matching glasses...all in perfect condition.

Unusual and very difficult to find both decanter and glasses together. Please see comments below Date & Origin Karlovy Vary, Now in Czech Republic c1930 Condition The full set is in excellent condition, age-related wear as shown. No chips, cracks or restoration. Clean and clear. Dimensions Height Decanter: 26cm (including stopper) Diameter: 10cm. Height Glasses : 8.4cm Comments Please note that under standard daylight, the decanter will look pink...indoors it may look blue and under strong lighting (like we have used for the picture) it will be green.
