Depth = 60 cm (23.6")

Description

This is a very unusual flip top table made from exotic hardwood. It dates from the 19th century and was made for the H.M.S THETIS. It is extremely heavy as it would need to be to stand sturdily on a boat. The top is inlaid with the ships name and other details which give the piece so much interest. Minor split appearing on the right side as shown in the images but nothing serious. Clean condition to the timber and overall a stylish well made piece of furniture. Height flat 74cm Height total 109cm Diameter 60cm Price includes UK delivery

Internal Ref: SKU00001550
