Description

A beautifully clean and smart, quality wall clock. Unusually, a nice light coloured case in oak, rather than the customary darker mahogany. It is a lovely honey colour with a beautifully polished finish. A 12" white painted dial with black Roman numerals and brass bezel. Opening inspection doors to both sides and the underside. The 8 day fusee movement has just been fully overhauled by our BHI registered staff and carries our usual 12 mths full parts and labour guarantee. A clock that would be equally at home in either a traditional or modern household. All cards accepted.
