Description

A very attractive little Westminster-Chime wall clock. A beautifully polished, golden oak case that is glazed on all sides. The 8 day movement strikes the WC on the quarters and the number of hours on the hour. It has just been fully serviced by our BHI registered staff and carries our usual 12 mth full parts and labour guarantee. Importantly, it strikes on rods, giving a very crisp, clear tone. The white enamelled dial has black Roman numerals and nicely cut hands. It is signed "Woodford. Est. 1860. Made in England". It is totally free of any chips, cracks or crazing. A really smart little clock offered at a very sensible price. A grid-iron brass pendulum. All cards accepted.
