Description

Gents 1960s Tiara wrist watch. The watch has a good quality Swiss movement which is working nicely. The movement is signed Tiara, a brand name registered in 1960 by Tiara SA of Saignelégier and Zurich, Switzerland. The watch measures 34mm diameter excluding the winding crown and the lugs. The main body of the case is gold plated while the case back is stainless steel. The front of the watch is in good condition, there are some patches where the plate has worn on the back of the watch. The lens is in lovely condition. The signed dial has its original hands, a centre seconds hand and a date display (initially set by winding the hands forwards continuously). The dial is in its original finish and there is light freckling but you have to look closely to see it. A new leather strap has been fitted. The watch comes in a vintage presentation box, it is tatty but still nice to have.
