Description

Antique Waltham Traveler pocket watch, 1919. The watch has a seven jewel stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and it has the serial number 21789618 which dates it back to 1917. The movement is protected by an inner hinged cover. The watch measures 50.7mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1919 with a maker's mark for Aaron Dennison. The Dennison Watch Case Company manufactured most of the cases for Waltham UK. The case has light surface marking but overall is in good condition. The glass lens is in good condition. The signed dial has a couple of very faint hairline cracks under the sub seconds dial although only noticeable with a jewellers loupe but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
