## Description

A superb Art Nouveau style centrepiece with oxidised silver plated stand and glass bowl dating from the early 20th Century. The ornate stand has scrolling handles, detailed openwork and lions paw feet and the glass bowl itself is beautifully etched with a frosted base. The stand is stamped "332" and has the WMF B I/O OX stamps under one foot. It is in good condition for its age. There are two very small chips on the rim of the glass bowl (see photos) but otherwise no major damages. One handle of the stand has obviously taken a small knocks at some point and has a slight dent but it is not really noticeable. There are a few minor surface marks and minor signs of age and use but nothing detrimental and it displays beautifully. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £20.
