Description

A very attractive double pine wardrobe (Circa: 1900), with 2 bottom drawers, column sides, and currently a partition and partly shelved inside. 2 bottom drawers with original metal drop handles, running smoothly, and 2 attractive vertical columns running either side of the doors. The partition and shelving currently inside could be removed if required, and replaced with any configuration of shelving/hanging rail/s (as with all of our wardrobes). With an internal depth of 18", this should be deep enough to hang most items of clothing. This wardrobe separates into 2 full height sections (joining down the centre), each section: 69.5" high, 30" wide, 18" deep. Please double check access if going up tight stairs. Depending on where you are in the country: I can usually deliver (and assemble) myself, otherwise I could send with my usual courier, and provide you with an instructional video if required. Currently in bare wood having recently been stripped, can be purchased for £900 as it is, or £997 if you'd like us to wax it for you. Height: 69.5", width: 58", depth: 24.5", internal depth: 18"
