Description

A good example of a solid Sterling Silver sugar caster. It is a traditional cylindrical shape with a pierced top and turned finial. It is a stylish and good quality piece, weighing approximately 130g. It is hallmarked for Birmingham, 1912 and the maker W.J. Myatt & Co. The marks are slightly worn but still distinguishable. It is in good condition for its age. There are some faint surface marks and a few light surface scratches, some small dinks and the top finial has taken a small knock but nothing detrimental and overall it displays well. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £6, rest of the world £25.
