Description

An 18ct white gold five-stone diamond bar brooch. The bar brooch is set with 5 graduating diamonds with good clarity and sparkle totaling approximately 1.0cts. As was common for the period the brooch is unhallmarked, and has been tested, and confirmed to be 18ct gold. Period: - Early 20th Century. Date: - Circa 1925. Measurement: - The brooch measures 5.0 cm end to end. The central diamond measures approximately 4.5mm in diameter. The diamonds either side of the central diamond each measures 3.8mm. And the 2 diamonds found to the outside measure approximately 3.2mm. Weight: - 3.6 grams. Condition: - The diamond brooch for sale is in good condition. There are light surface scratches to the gold bar brooch as would be expected with the age and usage of the piece. The pin and clasp work perfectly. Gemstone treatment is unknown. Please see photos for confirmation of condition. Item No: - 1213/01_bo1. ----- • Please email us if you wish to enquire about this piece. • Free domestic and international delivery with DHL Express.
