Dimensions

Width = 22.5 cm (8.9")

Description

Description. Painted with a scene of pavilions and buildings standing either side of a coastal inlet. Strong similarities to the late 18thc patterns of Spode and others. Elaborate stylised floral border. Inner rim diaper pattern. Unmarked. Condition. In excellent antique condition. Wear commensurate with age and use. Dimensions. 22.5cm in diameter. Please see our other items, arranged by category in our shop. We generally have several hundred items listed on eBay. We have many other items listed elsewhere. If you have a particular collecting sphere, or simply wish to know about all of the stock, please contact us. We use recycled packaging. It may not look pretty, but it helps our environmental footprint! We do not offer combined postage. Important We charge postage at cost for international buyers. Please ask us for a quotation for international postage. We generally ship with the Royal mail, tracked and signed. Please do not pay for the plate until we provide you with a postage quotation. To facilitate that process please let us have your PayPal or email details.
