Description

A beautiful original antique early Victorian sideboard in mahogany with brass adornments. This was made in England, it dates from around the 1830-1840 period. It is very well made and is a useful size, with lots of storage space. There are three drawers at the top, with a lovely pierced brass gallery around the top edges. The doors have arched panels with brass borders around the inside of the panels. The top section lifts off for ease of transport, this does have three new locks in the doors and it comes with three keys. We have had this re-polished and the condition is excellent for its age. There are various small marks and indentations here and there beneath the polish, commensurate for age. Width – 55 inches , 138 inches Depth – 19 inches , 49 cm Height – 37 inches , 94 cm
