Dimensions

Height = 72.5 cm (28.5")

Width = 123 cm (48.4")

Depth = 53 cm (20.9")

Description

Wonderful rich mahogany colour and finish to this late 19th century English freestanding kidney shape desk with a green leather inset top. Very decorative and although these brass handles aren't the original, they really do look super with the brass contrasting so well with the mahogany. This kidney shape desk will also work very well as a dressing table too, with a standing mirror or wall hung mirror, great storage in the nine drawers (which all locks work too). Being a kidney shape, it will also fit well across a corner of a room as well. Standing on square tapered legs with original brass castors too. Good condition throughout, drawers all running well, some general age marks here and there, but all under many decades of beeswax polish. Measuring: 28 1/2 inches or 72.5 cm high 48 1/2 inches for 123 cm wide 21 inches or 53 cm depth in the middle 22 1/2 inches or 57 cm in the kneeheight. 18 1/4 inches, 46.5 cm kneeheight width
