Description

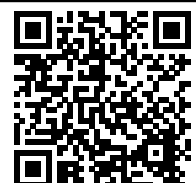

A superb antique walnut chest of drawers on carved shaped legs. This was made in England, it dates from around the 1900-1920 period. The quality is outstanding, this is extremely well made and sits on finely carved cabriole legs. There are gorgeous figured walnut grain patterns throughout, the drawer fronts and top are cross banded, with lovely original brass handles. There is ample storage space in the five generous drawers, and the drawers are solid oak lined with fine hand cut dovetailed joints. This has been revived and re-polished, the colour and patina are wonderful. It is in excellent condition for its age, with just some minor wear here and there commensurate for age. Width – 32 inches , 82 cm Depth – 18 inches , 46 cm Height – 45 inches , 114 cm
