Description

Gents 1950s Chalet wrist watch. The watch has a 21-jewel hand-winding movement which is working nicely. The movement is signed with the name Chalet, a brand name registered by several different watch makers. The watch measures 32mm diameter excluding the winding crown and the lugs. The main body of the case is gold plated while the screw-on case back is stainless steel. The case looks good to the naked eye, there is some rubbing to the plate if you look closely. The lens is in lovely condition. The signed dial has its original hands, a subsidiary seconds dial and outer minute markers. There is light freckling across the dial. A new leather strap has been fitted. The watch comes in a new presentation box.
