

SA955180

Antique Swiss silver pocket watch.

Price

Sold

Item Reference: SA955180

Date of manufacture: 1910

Description

Antique Swiss silver pocket watch. The watch has a good quality nicely jewelled Swiss stem-winding pin set movement, which is working working well. The movement is protected by an inner hinged cover signed Moscon Peckham. The watch itself measures 50mm diameter excluding the winding crown and the stem. The case is silver and there are Swiss .935 silver marks inside the two case backs. The case has light surface marking from use and a mild unevenness to the back but overall it is in nice condition for a 1910s piece. The watch glass is in nice condition with only minor marking from use. The white enamel dial is in nice condition with only light surface marking. The watch has its original blued steel hands which are initially set by a pin set mechanism. The watch will come in a new presentation box.
