Description

A very good and original George II mahogany mirror in excellent original condition and retaining its original mirror plate. . The mirror has foxed naturally and evenly over the last 270 years but still gives a reasonable reflection. . The frame completely original also with a carved gilded (in pure gold) slip and a gilded foliate cartouche in a fretwork carved circular window. The outer frame well shaped with carved scrolls and the plate is surrounded with a well made ogee cushion border. . It is as though the mirror has sat on the same wall for centuries as it is untouched and carries no damage or repairs or later re-gilding. . A rare and very beautiful mid 18th century mirror. . . Dimensions are: . 22.5 inches wide, 33.5 inches high and 2 inches deep. . For metric please multiply by 2.5
