Sold

Item Reference: SA956367

Date of manufacture: 1920

Dimensions

Height = 116 cm (45.7")

Width = 70 cm (27.6")

Depth = 55 cm (21.7")

Description

This evocative armchair transports you back to the age of steam and opulent travel when high-quality manufacture was the norm. Also, it's a very supportive and comfortable chair. The upholstery was once rich and vibrant, but now, as you expect, somewhat faded. However, it is still very usable, and definitely in keeping with a cloth that would have been used on the railway. Whether you are a railway enthusiast, or you are just looking for a quality armchair which has a wonderful history, this original Pullman chair ticks all the boxes. Available in its current unrestored but very usable state or we can provide the buyer with quotations for its restoration and reupholstery if required.
