

SA956414

Mid-size silver Omega wrist
watch, c1922

Price

Sold

Item Reference: SA956414

Date of manufacture: 1920

Description

Mid-size silver Omega wrist watch, c1922. The watch has a 15-jewel calibre 23.7.S hand-winding movement which is working nicely. This calibre of movement was in production from 1918 until 1923. This particular movement has the serial number 5,942,075 which dates it back to around 1922. The movement is signed Omega. The watch measures 26mm wide excluding the winding crown and 26mm high excluding the lugs so it is classed as a mid-size piece. The case is 925 silver and the Continental mark and the Omega logo are on the back of the watch. The lens is in good condition. The signed dial is in its original finish with blued steel hands, a subsidiary seconds dial and outer minute markers. Light marking to the dial and perhaps a shade or two of darkening. A new leather strap has been fitted. The watch comes in a new presentation box.
