Description

A beautiful Indian solid silver bowl. It is unmarked but tests as high grade silver. I would date it to c1890-1910. It is known as a Kashkul and has been chased and embossed with a leaf design with cast beasts head ends. It is in super condition being free from dings splits holes and repairs. It is a decent size measuring approx. 6.75 inches (17cm) long by 3.25 inches (8.3cm) wide by 2.25 inches (6cm) tall and weighs 134 grams. A beautifully designed high quality unusual piece.
