Gents 1960s Garrard wrist watch

Price

Sold

Item Reference: SA957272

Date of manufacture: 1960

Description

Gents 1960s Garrard wrist watch. The watch has a Swiss 17-jewel hand-winding movement, an ETA 2391, which is working nicely. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The main body of the case is chrome plated while the screw-on case back is stainless steel. There is a little rubbing and marking, mainly to the back of the watch. The case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in lovely condition. The signed dial has its original dauphine shaped hands, centre seconds hand and outer minute markers. There are a couple of minor marks to the dial, and some of the infill has come out of the hands. A new leather strap has been fitted. The watch comes in a new presentation box.
