Description

A beautiful antique cabinet in walnut, which could be used as a bedside cabinet or in other places in the home. This was made in England, it dates from around the 1930's. It is of superb quality and is a very useful size. The colour tones and burr walnut grain patterns are gorgeous, and this has lots of storage space while taking up very little room. In addition to the lower cabinet and upper drawer, there is a useful pull out tray slide. We have had this recently re-polished, the condition is excellent for its age.
