Description

Good early 19th century Georgian mahogany converted commode / bedside cabinet. I always like this design of bedside cabinet as I think it is really useful. This particular one has a bow shaped front with nice shape sides and gallery. Made from very good timbers throughout. Plenty of storage space as can be seen. Original octagonal brass plated handles. The piece retains its original finish and as such is a lovely colour with good patination. SIZE; 22" wide by 21" deep by 30" high plus the gallery. CIRCA; 1800 - 1820
