

SA95886

Antique Stick Barometer Henry Raines Shuttleworth - London

Price

Sold**Item Reference: SA95886****Date of manufacture: 1800**

Description

An excellent early mahogany stick barometer. The silvered brass scale signed with the makers name above the tube and calibrated from 27" to 31" with a sliding vernier and brass pointer. The mahogany case with herringbone veneer to the main column, an exposed mercury tube and a finely turned mahogany cistern cover and a plain rounded top. Height: 38" Note: Henry Raines Shuttleworth worked from 1746 - 1811. Optician and Instrument Maker. Apprenticed to John Cuff (an important Instrument Maker).
