Description

An exquisite pair of antique gilt wood mirrors with wall sconce lamps built in. We believe these are French, dating from around the 1880-1900 period. The quality is outstanding, the gilt wood frames have a beautiful, delicate design and the mirrors have stunning etchings of neoclassical characters. The brass candelabras are also of very high quality. The condition is excellent for their age, with only some minor wear here and there. There is some very minor distressing to the silvered backing of the mirrors, adding to the character. We have had these re-wired, they are in good working order and are ready for installation. Width – 13 inches , 33 cm Depth – 6 inches , 15 cm Height – 24 inches , 61 cm
