Description

Superb Victorian period Scottish mahogany turned table coaster with a wonderful etched mirror type central panel. Nice shape turned mahogany frame with small turned bun feet. The central mirror part is stunning but very hard to photograph, it is both beautifully etched with a floral type pattern but also has an internal "raised" pattern to the centre. The coaster is in very good condition with no cracks to the frame and a waxed finish. Nice and original underneath also. SIZE; 15" diameter by 3" high CIRCA; 1860 - 1880
