Description

Gents 9ct gold Everite Embassy wrist watch. The watch has a 17-jewel Swiss hand-winding movement which is working nicely. The watch measures 30mm diameter excluding the winding crown and the lugs so although a man's watch, it would suit a slimmer wrist. The case is 9 carat gold and there are hallmarks inside the case back for London 1968. The case is in good condition with just general light surface marks to the back of the watch. The lens is in lovely condition. The signed dial is in very nice condition with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
