

SA960022**Silver full hunter pocket watch,
1918**

Price

Sold**Item Reference: SA960022****Date of manufacture: 1910**

Description

Silver full hunter pocket watch, 1918. The watch has a good quality stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 46mm diameter excluding the winding stem and loop, very slightly smaller than a standard 50mm pocket watch. The case has engine turned detail to both the front and back, and a small vacant cartouche to the front. There are a couple of small indentations to the front, not too serious at all, and a patch of surface marking to the back. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
