Description

A pretty German solid silver trinket / snuff box. It is hallmarked with the German 13 silver standard mark for 812 standard along with a makers mark. I would date it to c1890. It has been superbly made with the lid being engraved with a flower design. It is in superb condition being free from dings splits and repairs, light scratches to the inside lid. It measures approx. 1.75 inches (4.5cm) across by 1 inch (2.6cm) wide and weighted 24 grams. A superbly made high-quality piece.
