Description

A beautiful antique mahogany serpentine fronted chest on chest, made in England & dating from around the 1910 period. It is a great size and offers lots of storage space. The mahogany has a gorgeous colour and lovely grain patterns. The drawers are all graduated in depth & have original brass handles. This chest has reeded canted corners & sits on bracket feet. It also has a brushing slide that pulls out in the middle. This chest is very fine quality, with solid timbers on the back & drawer bottoms. The drawers are also finely dovetailed. We have recently had this re-polished, it is in excellent condition for its age. This comes apart in two pieces for ease of transport.
