sparrowbeak jug c.1780

Price

GBP 165

| USD \$223 | EUR 193

Item Reference: SA961110

Date of manufacture: 18th Century

Dimensions

Height = 9.5 cm (3.7")

Description

Description. This is not a common design though, to be fair, neither is it vanishingly rare. It is, however, beautifully printed and of a lovely nature. Unusually, this printed design is accompanied by light blue painted wash decoration. There is dispute as to whether this is a Worcester original or, conversely, a copy of the Caughley design. Disguised numeral mark. Condition. In excellent antique condition. No apparent defects. Dimensions. 9.5cm tall. See our other items. If you like what you see, we do have other items that are not necessarily listed and which may be of interest. We use recycled packaging. It helps our environmental footprint, but does not necessarily look very pretty! Important. We charge postage at cost for international buyers. Please ask us for a quotation for international postage. We generally ship with the Royal mail, tracked and signed. Please do not pay for the item until we provide you with a postage quotation. To facilitate that process please let us have your PayPal or email details.
