Antique 14 white gold filled
Elgin pocket watch, 1925

Price

Sold

Item Reference: SA961377

Date of manufacture: 1920

Description

Antique 14 white gold filled Elgin pocket watch, 1925. The watch has a 15-jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 27,446,317 which dates it back to 1925. This is a good quality movement with screw-set jewels, a Breguet hairspring and nicely patterned plates. The watch measures 44mm diameter excluding the winding stem and the loop. The case is 14k white gold filled and it is in beautiful condition. The watch glass is in lovely condition. The signed dial is in its original finish with handsome blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
