Description

Fine small size early 19th century Regency mahogany "finished all round" centre or side table attributed to Gillows of Lancaster. This beautiful centre table is finished all round with a full depth drawer to the front side which is mahogany lined with original gilded brass star handles. The back side has a matching dummy drawer also with the original gilded brass star handles. The base has a lovely shape turned and reeded column with swept out reeded legs with round shape toes. The round toes have sunken in brass castors underneath. The top has a rosewood cross banding with a half round "Knurled" decoration around the edge. The table is in very good condition and is a lovely mellow colour. The brass castors are old Edwardian replacements (the originals obviously wore out) but are the correct type and of good quality. SIZE; 27" by 18" by 30" high CIRCA; 1810
