Description

A rather different example of these ever popular wall clocks. The case of a contrasting beech and mahogany combination, giving a more contemporary feel to the clock. Regrettably, as per usual, our photos don't do justice to the clock but the pictures of the close ups give a more accurate reflection of it's true colour. The 8 day movement strikes the peel of the Westminster Chime on the quarters with the number of hours on the hour. It strikes on rods giving it a very crisp, clear tone. It has just been fully serviced by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. It has a silvered dial with black Arabic numerals. It is fitted with a Strike/Silent facility. A very attractive clock. All cards accepted.
