

SA962179

Antique silver pocket watch chronograph, c1900

Price

Sold**Item Reference: SA962179****Date of manufacture: 1900**

Description

Antique silver pocket watch chronograph, c1900. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has a little unevenness. The watch measures 50mm diameter excluding the winding crown and the winding stem. The case is 935 silver (slightly purer than sterling silver) and there are Continental hallmarks inside both of the case backs. The case is in good condition with just minor signs of age, nothing serious at all. The watch glass is in good condition. The dial is in lovely condition with pin-set blued steel hands, a chronograph feature operated by pressing the winding crown (to start, stop and subsequently re-set to zero). The watch comes in a new presentation box.
