Description

An excellent antique Victorian period chest of drawers in figured walnut. This was made in England, it dates from around 1860-1880. It's very well made and is a great size, with lots of storage space. The lower drawer is built into the plinth base, so is extra deep. This has gorgeous walnut grain patterns and a lovely colour tone throughout. We have had this recently re-polished, the condition is excellent for its age. There are just a few very minor old marks here and there beneath the polish, commensurate for age. Width – 41 inches , 104 cm Depth – 19 inches , 49 cm Height – 44 inches , 112 cm
