Description

Antique Swiss silver pocket watch and chain. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has an inscription "Nina - Alfred 27 12 22". The watch measures 50.3mm diameter excluding the winding stem and the loop. The case is silver and there are Glasgow import marks inside both of the case backs for 1919, together with the case importers mark FW. The case has light surface marking from use but overall it is in nice condition. The watch glass has minor marking but is very acceptable. The white enamel dial is in nice condition. The watch has its original blued steel hands. The watch comes with a single silver graduated chain, 25cm long including the T-bar and the clasp and it weighs 27.2 grams. The watch and chain come in a new presentation box.
