Description

This is a stunning quality 20th century French bombe chest. The overall condition is superb with a very clean original finish the the body and the marble. The diamond details all over the piece give this a real style that would fit nicely in many homes. The bronze details are a testament to its quality but are not so fussy that they add too much to the piece. All the drawers have a working lock and run smoothly. The marble is a striking unusual dark green colour which lifts the mahogany veneer beautifully. A very high quality elegant piece.
