Description

This is a stunning quality made clock by the English clockmakers SEC (Smiths Electric Clock) - it has an 8 day movement and is in excellent working order having been fully serviced by a qualified horologist- it is a non chiming clock - it is quite heavy as the case is made from tri coloured marble, mustard, green and grey. Fabulous design and indeed dates from the 1930's, this really is a statement piece and would look fantastic in many environments. FREE UK mainland delivery
